

# AL215 LOW PROFILE HOIST LIFT

SIMPLE, ECONOMICAL SOLUTION  
FOR LIGHTER WEIGHT MOBILITY DEVICES

Affordable low profile hoist lift transports and stores mobility devices inside a cargo area. The single axis lift rotates manually with powered lifting; arm height adjusts to application.

**FEATURES & BENEFITS**

- Adjustable arm height
- Manual rotation
- Weather-resistant hand control
- Passenger side standard; driver side available
- Offset post allows the mobility device to be safely unloaded on the side of the vehicle
