Item # CH-4100R

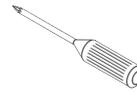

info@novajoy.com

1 800 557 6682

TOOLS NEEDED

Phillips Screwdriver

**Quick installation
with step-by-step
instructions**

WHAT'S INCLUDED

a. (2) Mount arms

a.

b. (2) Mounting brackets

c. (4) Phillip's screws

b.

c.

1 Determine on which side, left or right, the cane holder will be installed. The rear legs, above the seat platform, are suggested areas.

2 Snap 1 of the mount arms onto outside of frame. Hook should face towards the rear of the walker. Snap the other arm onto the frame 2 inches below the first. Hook should face towards the front of the walker.

3 Attach 1 mounting bracket with 2 screws to upper arm and tighten. Repeat for lower arm.

4 To attach cane, position tubing in between the arms, facing the openings of the hooks. Push cane forward until it engages into the cane holder.
